

## Interested in learning how to keep your septic system functioning properly?

### Attend the Homeowner Maintenance of Systems Course for Free!

This course provides a basic understanding of the operational and maintenance activities of a conventional septic system, and explains how activities within the home impact septic systems. Presentations will cover the treatment processes, health and safety considerations, how to inspect, and maintain the system. This course also provides answers to the most frequently asked septic system questions, including when to pumpout a tank and what can or cannot go down the drain.

### Course Information:

**THURSDAY, SEPTEMBER 7, 2017. 6:00PM - 8:00PM**

Nacogdoches County Extension Office  
Court Annex  
203 West Main  
Nacogdoches, TX 75961  
Please RSVP to: (936) 560-7711 or  
Ricky.Thompson@ag.tamu.edu

**Cost: Free!**

### Why Should You Attend?

Septic systems are not flush and forget systems! Therefore maintenance is essential to ensure proper function and longevity of your septic system. Attendees will gain a better understanding of how to maintain their septic system to protect the health of their family and the environment.
