Texas

WATERSHED STEWARD

The Texas Watershed Steward program is a free, educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

Lufkin, TX

August 21, 2025

1:00 p.m.—5:00 p.m.

**Angelina County AgriLife Extension Office
2201 S Medford Dr, Lufkin, TX 75901**

The workshop will provide an overview of water quality and watershed management in Texas, including a discussion on the Middle Neches River watershed. Best management practices local stakeholders may use to help improve and protect their water quality will be highlighted. Free continuing education credits/CEUs are offered for a wide variety of professional disciplines. For a complete list of continuing education offered, or to register, visit our website or call the number below.

**Pre-register for the workshop by
