HAVE YOU SEEN THIS TURTLE?

TEXAS
PARKS &
WILDLIFE

Alligator snapping turtles are a threatened species and protected in Texas. We are asking for help reporting sightings of these turtles. Alligator snapping turtles have a large triangular head and three distinct ridges on their shell.

IT IS ILLEGAL TO INTENTIONALLY KILL, INJURE, OR HARASS THESE TURTLES.

If you accidentally catch one, it should be returned to its habitat, as close as possible to the spot where it was caught.

Report alligator snapping turtle sightings (live or dead) along with a photo, GPS coordinates, and any measurements to the Angelina & Neches River Authority at:

ANGELINA & NECHES RIVER AUTHORITY

STASH YOUR TRASH!

Special thanks to our program partners!

**Keep
Jasper
Beautiful**

GRAB IT!

Grab one (or more!) of our free litter bags and you're one step closer to helping prevent and eradicate waterway litter! Woo-hoo! Don't forget to tell others about our bags!

STASH IT!

Stash your trash in the bag when enjoying outdoor recreational events such as swimming, boating, fishing, and hiking - and stash any litter you find, even if it's not your own.

TRASH IT!

Reuse your bag (or repurpose it!) or properly dispose of it in a public-use trash receptacle or with your own household garbage. (Please don't return bags to ANRA!)

**Thanks for helping us keep our waterways
clean, healthy, and safe!**

STASH YOUR TRASH!

Thank you for keeping our waterways litter-free when enjoying outdoor recreational activities!
