Subject: BOIL WATER NOTICE RESCINDED

On Monday, May 4, 2026, the Texas Commission on Environmental Quality (TCEQ) required the Holmwood Utilities public water system (PWS ID Number 1210020) to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

Holmwood Utilities has taken the necessary corrective actions to restore the quality of the water distributed by Holmwood Utilities used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of May 6, 2026.
